Mr. Harold Weinberg
Route 8
Frederick, Maryland 21701

Dear Harold:

It was nice to hear from you again. I was happy to see that you are continuing your investigation into America's political assassinations.

As soon as I can make a dub available of my program with Herb, I shall forward them to you. I think that you will find them most enlightening.

Because my program is a low budget show, I cannot do many long distance telephone interviews and cannot fly people in. However, should my travels ever take me to Washington, I will be in touch with you.

Continued success and good health in your upcoming investigations and hope that this letter finds you in good health for the coming holiday season.

Sincerely,

Bruce DuMont
